

# Jerald Baroro

## Software Engineer Architect

As a seasoned Javascript Developer with extensive experience in Full Stack Web Development, Application Engineering, and Software Engineering Analysis, I bring a wealth of expertise to every project I undertake. My background in React and Firebase, Mithril and Node.js, as well as my hands-on experience as a CTO/Tech Lead utilizing Nextjs, MERN with TypeScript, have honed my skills in delivering highly performant and user-friendly applications. I am confident in my ability to leverage my knowledge of multiple programming languages and technologies to create innovative solutions that meet the needs of my clients. Whether working as a team player or leading technical projects, I am committed to delivering top-quality results.
